Torii Lounge Chair

The Torii Lounge chair is inspired by the simplicity and clean lines often found in Japanese and Scandinavian styles.

The name Torii refers to the backrest that resembles the large Torii gates found in Japan.

Beautifully crafted and with a timeless style, the Torii chair will fit into the most modern interior but is just as comfortable in any contemporary or classic style.

The Torii chair is available in oak or teak wood with a leather seat cushion. In the Torii range there is also an Outdoor Lounge Chair in solid teak wood, with a removable, quick-dry cushion.

The Torii Lounge Chairs are manufactured in Indonesia from sustainably sourced, legally harvested, and traceable wood sources.
